

Globalplus Machinery Trading LLC (GMT) based in the United Arab Emirates, is a multi-discipline service company that provides *Repairs, Maintenance, Sale of Access Platforms and other machineries, Spare Parts, and IPAF Training* within the UAE and around the globe. Established in 2013 to cater the growing demand for highly trained and qualified technicians in the maintenance and repair service industry.

Our Technical Team has excellent training and expertise in providing repairs and maintenance services on Access Platforms and other machineries for over 13 years. Being a start-up business company, we respond to sales and service calls quickly, and efficiently.

At Globalplus, we are committed to provide you better solutions to all your Access Platform and other machinery requirements, be it: Repairs, Annual Maintenance Contracts, Spare Parts, Purchase of Access Platforms and other machineries, and IPAF Training. We can assure you that *GMT* is more than capable of supporting you with Maintenance and Repair service requirements on: **Teupen, JLG, Genie, Haulotte, Falcon, Snorkel (UpRight), Skyjack, Nifty Lift, MEC and other machinery brands.**

We are proud to be the authorized agent of *Teupen Aerial Work Platforms* in the UAE; a brand that specializes in German quality engineered *Crawler Booms or Spider Lifts*. We also support *Teupen* After Sales Services on repairs, parts, or maintenance requirements. With *Teupen Spider Lifts*, you can reach everything with great outreach and at maximum working height.

Our Products include:

- Maintenance and Repairs of Access Platforms (MEWP)
- Maintenance and Repairs of Machineries
- Maintenance Contracts on Access Platforms (MEWP)
- Maintenance Contracts of Machineries
- Technical Site Inspections
- Sale of Access Platforms and other machineries
- Sale of Spare Parts
- IPAF Training
- 3rd Party Safety Certification (Load Test Certification)
- Oil Analysis Sampling
- Skipper Retractable Safety Barriers Solutions

MAINTENANCE AND REPAIRS

Safety is the key. We at Globalplus is dedicated to give you a personalized service on your maintenance and repairs requirements on Access Platforms and other industrial machines that makes safety possible on any given height, up and over.

PARTS

As Globalplus is an authorized agent of **Teupen** machines in the UAE, we are committed to supplying you only original parts from **Teupen** and other known brands such as: **JLG, Genie, Haulotte, Snorkel (UpRight), Falcon, Skyjack, Nifty Lift, MEC and other machinery brands.**

Skipper™

We're setting the boundaries in safety management

Skipper's multifunctional, multi-surface range of patent protected products has been designed from the ground up for health and safety.

The integrated solutions are recognized worldwide as the industry standard in safety management, and there's no surface they can't attach to.

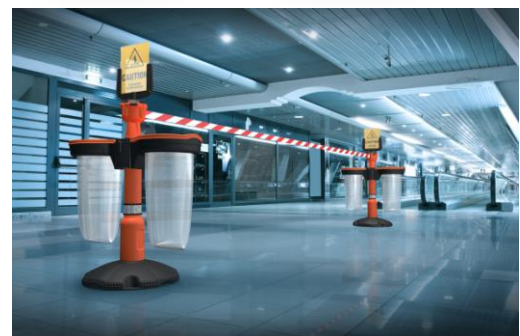

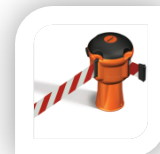

The full suite of versatile products encompasses solutions for outside, inside and waste & safety management. Skipper's wide range of accessories also allow you to wrap around pillars, attach to magnetic surfaces, screw to walls, clamp to racking and suction to high gloss and glass surfaces.

No other product on the market offers the same level of value and versatility.

Using Skipper reduces risk, increases operational efficiencies and allows businesses to be health and safety compliant – it really is the total safety management solution.

The total safety management solution.
Skipper Retractable Safety Barriers

IPAF TRAINING

The **International Powered Access Federation (IPAF)** promotes the safe and effective use of Powered Access Equipment worldwide in the widest sense --- through providing technical advice and information, through influencing and interpreting legislation and standards, through its safety initiatives and training programmers. IPAF is a non-profit organization that represents the interests of manufacturers, distributors, users, rental and training companies. IPAF training program for platform operators is certified by TÜV as conforming to ISO 18878.

Successful trainees who completed and passed theory and practical assessments, will be awarded the PAL card (Powered Access License), which is valid for 5 years and is a recognized proof of training for platform operators around the world.
